Uniform interpretation of the CMR

The CMR Advisory Council invites you to participate in a colloquium on the uniform interpretation of CMR on the 19–20 September 2024. The colloquium will be arranged in collaboration with the Axel Ax:son Johnson Institute of Maritime and Transport Law, Stockholm University.

A selection of international CMR-experts from both academia and legal practice will meet to discuss current issues regarding the uniform interpretation of the CMR convention that have arisen in the case law and legal literature of the CMR contracting states.

The Colloquium offers a unique opportunity to refresh your knowledge and deepen your understanding of the CMR Convention of 19 May 1956 which governs and regulates the international carriage of goods by road and to which no less than 58 states in Europe, North Africa, the Middle East and Asia are a party.

Take the opportunity to meet CMR experts from the international transport and insurance industry in order to extend your professional network. Become inspired by new ideas and recent developments in this truly international field of law.

Welcome to a most interesting event.
